Doctor James Williams:—For several years past, I have been liable to attacks of Dyspepsia; but never have I been more distressingly afflicted with its symptoms, than within the last few weeks. Indigestion, nervous irritability, despondency, a sense of weight in the atomach, and severe pains in the left eide, rendering me, for the time being, truly wretched. Fortunately, I was recommended by a friend to try your Elizir. LORISVIIIS. My,

N calling the attention of dealers in our line in this market, we would state that during the last six months our attention has been directed to getting up a large number on new Stove and Grate Patterns, which, added to our already large stock, gives us one of the most extensive and diversified assortments in the western market. Among the number, we would refer to our "Ashland Kentuckian" took Stove, (three aizes out.) These stoves have great weight of metal, highly finished and elegant in appearance. They combine all the modern improvements that practical experience has developed.

We would invite dealers to call and examine for themselves, and we think in quality, price, &c., they can be suited. Having enlarged our manufacturing department we can promptly meet all demands. Thankthi for the pat rouage which has been so kinkly bestowed upon us, we trust, by strict and prompt attention to all orders, to see cure a continuance of it. And the quality of our manufactured work shall be, as herestofore, equal if not superior to the best, and satisfaction given in all casees. Blank Book Manufactory and General Binding Establishment.
